GERARD DEPARTURE IS STILL BEING DELAYED

Yankee Ambassador Awaiting Word From Home Before He Leaves

BERLIN, (via wireless) Feb. 6.—"There is no way back for us; we shall go the way which we have chosen to the end, and are convinced that neutrals later on will be thankful to us for this," the official news agency today quotes State Secretary Helfferich. "We consider submarine warfare an efficient means to shorten the war and once for all to break English tyranny on the seas."

LONDON, Feb. 6.—A Central News dispatch from the continent said today it was understood there American Ambassador Gerard had already departed from Berlin and was expected in Switzerland today.

All previous reports direct from Berlin have asserted that Gerard did not expect to leave his post before Thursday.

BY CARL W. ACKERMAN
(United Press Staff Correspondent)
BERLIN, Feb. 6.—American Ambassador Gerard is awaiting word from Washington regarding details the United States State Department has fixed for the departure of German Ambassador Bernstorff before completing his plans for leaving Germany. Yesterday Gerard held another lengthy conference with Foreign Secretary Zimmermann, at that time formally requesting his passports. With one exception—the Socialist organ, Vorwaerts—the German press today firmly supported the government in its determination to continue the submarine warfare. It was noticeable, however, that every newspaper comment referred to the situation as "President Wilson's break with Germany" and carefully avoided use of the word "America."

Bernard, in the Vossische Zeitung, pointed out editorially today that President Wilson "had changed his mind about armed merchantmen." He referred to a purported statement by Secretary of State Lansing in January, declaring that armed merchantmen would be considered as warships, and added: "This decision was changed after Entente ambassadors in Washington rushed about convincing President Wilson he was mistaken."

Bernhard paid glowing tribute to Ambassador Bernstorff and in this a number of other newspapers joined. "The pledge of Germany made after the Sussex case has not been broken," declared the Tageblatt, "because that pledge was conditional upon America's success in obtaining a change in England's illegal blockade against Germany."

The Berlin public continued calm today in the face of Gerard's preparations to leave. Extra guards stationed about the American embassy were the only outward indications of anything unusual there—but inside there was a bustle of preparation and packing for departure of the embassy staff.

Lost—Tuesday afternoon, on street, \$5 bill. Finder please return \$2.50 to Orange County Savings & Trust Bank.

Afternoon Papers First With Crisis News

The claim, oft-repeated, that subscribers of afternoon papers "get the news while it is news," has at no time been better sustained than during the present crisis with Germany.

The world was startled when Washington received a note from Germany stating that the submarine restrictions were to be removed. The afternoon papers were first to carry this news.

Then came several days during which the administration at Washington was determining its history making course. The afternoon papers contained all that was to be learned from day to day.

Then, Saturday, came the news that Ambassador Von Bernstorff had been dismissed and Ambassador Gerard recalled. The afternoon papers were not only the first to announce this, but they contained dispatches from all over the United States and the world directly bearing on the situation.

Then, yesterday, came the news that an American sailor had been killed in the sinking of a British steamer; the news that the United States was on the verge of a break with Austria; that the German foreign secretary had stated that there was "no step backward;" that the immigration bill had passed the senate over President Wilson's veto; and dozens of other important dispatches, all vitally important. The afternoon papers had this news while it was news.

All during the crisis the morning papers have trailed behind. On no day did they contain anything more than the momentous items carried by the afternoon papers of the day previous.

The subscriber of an afternoon paper almost invariably gets the significant news of the world before the man who depends on the morning paper for his information.

BERNSTORFF TO SAIL IN WEEK

WASHINGTON, Feb. 6.—Count and Countess von Bernstorff, their suite, German consular officers and all German servants and clerks, will sail from New York for Germany in about a week, probably via a Scandinavian port. The party will number about 200.

It is understood negotiations are under way for Bernstorff and his suite to go over on the Frederick VIII, which may sail February 15.

This was learned at the State Department today, after the matter has been discussed since Saturday with Swiss Minister Ritter, now acting for Germany.

While the department and Dr. Ritter are arranging for a ship in New York, the German embassy is awaiting the arrival of the German consular officers from San Francisco and Seattle. By the time they have arrived, it is expected all sailing arrangements will have been completed, officials said.

The party will probably go from Washington to New York on a special train. It is expected they will completely fill any boat which is likely to be chartered for the trip, as practically none of the larger vessels are available.

The German embassy is a private residence today. Newspaper men found a courteous reception from attendants, but were politely informed the embassy is now the private residence of a private citizen.

S. F. CONSUL PREPARES FOR DEPARTURE

SAN FRANCISCO, Feb. 6.—Dr. Erich Zoppf, German consul general, and his staff, will leave for the East as soon as the affairs of the consulate here can be arranged, he announced today. This work will require probably two days. Dr. Zoppf came here only two weeks ago to fill the place vacated when Franz Bopp was deposed because of alleged violation of American neutrality.

FULL WAR STRENGTH IN MEMBERSHIP IS AIM OF HOLDERMAN

Renewed activity in recruiting Company L, N. G. C., today followed the receipt of orders to Captain N. M. Holderman from Sacramento that he immediately requisition for supplies of all kinds in order to place his company on a field footing.

The orders said nothing as to recruiting, yet Captain Holderman sees in their issuance a situation fraught with grave possibilities and he is determined to recruit, if at all possible, his company to full war strength of 144 men.

"Put in enough supplies so that your company will be ready for field service," was, in effect, the order from the Governor and Captain Holderman is today busily engaged in determining the needs of his quartermaster and medical departments.

The receipt of the orders created excitement among members of the company here. It brought home to the men as nothing else could the gravity of the situation arising out of the severance of diplomatic relations with Germany.

Captain Holderman expects that the chance of Company L again seeing active service will greatly stimulate recruiting. He is confident that the strength of his company will be brought up to 100 at least in a few days. There are now 83 men enlisted.

Speculation was rife today among the Santa Ana guardsmen in regard to what service they

would see in case the company is called out. The probability is that the militiamen would be used for purposes of guarding neutrality, or, in case of actual hostilities between Germany and the United States, guarding the more vulnerable points of attack along the California coast.

"I want to have as many men in my company as possible so that we will be prepared for any eventualities," said Captain Holderman today. "Company L now has an opportunity of recruiting to full war strength in ample time. I believe in being ready. To leave recruiting until the last minute is bad. I want more men and I am going to secure them."

The fact that Capt. Holderman is requested to make his requisition direct to the adjutant general at Sacramento indicates the seriousness of the situation. Ordinarily the requisition would have to go through the hands of the Lieutenant of the Regiment. This would occasion delay.

The national government maintains a distributing officer at Sacramento and if it should develop that the equipment is not on hand, the distributing officer will have to get the necessary supplies from Washington.

Company L has the distinction of being the only company of militia in the state which has recruited its membership to the minimum strength.

The Army will be open every night to receive recruits.

EAVESTONE CASE BIG CONVERSATION TOPIC IN BRITISH CAPITAL

BY ED L. KEEN
(United Press Staff Correspondent)

LONDON, Feb. 6.—Whether America would find a cause for war in the killing of an American sailor aboard the British freighter Eavestone by a German submarine snell-fire, was the all-absorbing topic of discussion here today.

England accepts it as a foregone conclusion that America will eventually be a formal belligerent. It looks for a declaration of war momentarily. But in the meantime, regarding the peculiar diplomatic situation created by the fact that America is not yet officially an enemy of Germany, and has merely broken relations with her, British officialdom is taking great care in dealing with American Ambassador Page to regard the United States as still being a neutral.

DOUBLE WATERFRONT GUARD AT TACOMA AS DYNAMITE IS FOUND

TACOMA, Feb. 6.—Extra vigilance was exercised today by guards along the entire waterfront as the result of the discovery of a large cache of dynamite in a gulch back of a big flour mill. The police believe that it was intended for the destruction of either allied ships in the harbor or docks where Russian munitions and supplies are stored.

ENTENTE TELLS U. S. HOLLAND TAKES OVER BELGIAN RELIEF WORK

WASHINGTON, Feb. 6.—Following negotiations with England and France, Holland has agreed to take over the Belgian relief work, the British embassy today informed the State Department.

URUGUAY CHURCH AND STATE MAY BE PARTED

MONTEVIDEO, Feb. 6.—Congress is considering a constitutional amendment providing for disestablishment of the Roman Catholic church as a state institution in Uruguay. The amendment, if adopted, will deprive the church of future government support, but will leave it in control of all properties it now holds, placing all religious denominations upon an equality and exempting them from taxation.

NORTHCLIFFE ASSERTS BRITISH HOPE U. S. CAN STAY OUT OF WAR

LONDON, Feb. 6.—That the majority of the British people hope that America will not be drawn into the war, was the statement made by Lord Northcliffe, noted newspaper owner, in an interview, regarding the States and Germany. Lord Northcliffe declared that "we now have Prussia in hand." He said that America would be rendering immense assistance by giving the allies her moral and financial support.

BRAZIL PROTEST ON TEUTON STAND WILL BE SENT TO GERMANY

RIO DE JANEIRO, Feb. 6.—Brazil has sent, or will send, Germany a formal note protesting the violation of international conventions, and declaring that the new submarine program "imperils the lives of Brazilian citizens and is a blow at Brazilian interests."

This has been decided by ministers. For the present they will await Germany's reply.

FLORIDA'S CITRUS CROP IS FROZEN

ATLANTA, Ga., Feb. 6.—Heavy damage was done to citrus groves as far south as middle Florida in freezing weather that has struck the winter fruit and vegetable crop. Practically the entire truck crop in the southern section was wiped out. Louisiana suffered heavy damage to its vegetation. Loss was severe in Orange, Marion, Alachua, St. Johns and other Florida counties. Considerable quantities of young trees were cut down in those sections. The crop damage in Florida is the heaviest in seventeen years, according to one report. The Florida cabbage, celery and lettuce crops may be saved, however, it is indicated.

Tennessee, South Carolina and Virginia are suffering from unaccustomed cold weather. Two deaths of negroes have been reported. Although the weather still is severe, conditions slowly are improving in South Dakota and Wyoming. Chicago reported three trains "missing" to the northwest.

All Traditions Violated in Isolating Us

—SEC. ZIMMERMAN.

BERLIN, via Sayville wireless, Feb. 4.—(Received in New York Feb. 6.)—"We regret this measure taken by President Wilson all the more since it is against all tradition and all international law that we are cut off from all direct communication and regular intercourse with the trans-Atlantic world," declared Secretary of Foreign Affairs Zimmermann.

"We also remember," the foreign secretary continued, "that the United States diplomats during the past months and years of the war cared for German interests by proxy with efficiency and great success."

"The text of the president's message here has been examined most minutely, in the absence of other official documents."

"Having ourselves no real cause for hostility against the United States remembering the traditional friendly feeling that existed between the two countries practically from the first days of the United States, we naturally appreciate the words of rather unhostile character that are included among others of different character found in that message as transmitted in press dispatches."

"In them President Wilson assures us that he wishes no 'hostile conflict' with Germany and I can add that we appreciate this and the other paragraphs in the message joining in this respect President Wilson's note."

"While to a certain extent we think we can see by what reasons the United States was prompted to arrive at its present attitude, on the other hand, we expect that President Wilson to the same extent may recognize the reason which prompted us to make our decision."

BULLETINS

WASHINGTON, Feb. 6.—The House Interstate Commerce Committee today reported favorably on the Adamson bill providing for drafting railroad employees into military service in case of war and enlarging the power of the mediation board to settle railway labor disputes.

MADRID, Feb. 6.—In a note, Spain has formally protested Germany's submarine campaign and declines to suspend Spanish shipping, so danger will be continually present.

WASHINGTON, Feb. 6.—Spain and Switzerland probably will not accede now to President Wilson's suggestion that neutrals sever relations with Germany, according to reliable intimations. Their course is probably based on the fact that they are serving the interests of Germany and America.

WASHINGTON, Feb. 6.—All sailings from Norway to America have been cancelled.

PLACE EXTRA GUARDS AT FEDERAL BUILDINGS
SAN FRANCISCO, Feb. 6.—Extra guards were today stationed at the mint, sub-treasury, postoffice, customs house and appraiser's building, upon Washington instructions. The mint was closed to visitors.

DANIELS TO ACT FOR U. S. RADIO CONTROL

WASHINGTON, Feb. 6.—Secretary of the Navy Daniels, in view of the present emergency, will take up at once with congressional leaders the wireless bill now pending and which would give complete control of all systems in the United States to the Navy Department.

CAL. MILITIA ORDERED TO SUBMIT LIST OF NEEDED EQUIPMENT

SACRAMENTO, Feb. 6.—Militia companies were today ordered immediately to submit a list of equipment necessary to condition them for service.

4 IN BRITISH POISON PLOT HELD FOR TRIAL

DERBY, Feb. 6.—Formal commitment for trial was today ordered for the four people charged with a poison plot against Premier Lloyd-George and Minister Henderson. All pleaded not guilty.

AMERICAN SHIP SHELLED; STATE DEPT. ADVISES ALL YANKEES TO QUIT GERMANY

BULLETIN

LONDON, Feb. 6.—The German submarine U-45 stopped the American steamer "Westego," with the threat that it would sink her unless she gave up three barrels of oil, it was today announced. The oil was delivered. The admiralty says that the diver fired at the Westego.

WASHINGTON, Feb. 6.—The administration this afternoon still was frankly doubtful as to the probable result of the killing of Richard Wallace, negro seaman, when the fact that he was employed on a British collier made him virtually a member of the British navy. Also, the vessel, apparently considered a warship, was subject to attack without warning. There was no excuse for the reported shelling of a lifeboat, however, so further investigation will be necessary.

WASHINGTON, Feb. 6.—Confirmation of the killing of Richard Wallace, negro seaman, reached the state department today in a cablegram from Consul Frost at Queenstown. This message showed Wallace was killed in the shelling of the boats after the crew had left the provisional British collier Eavestone.

WASHINGTON, Feb. 6.—All Americans have been advised to leave Germany. It was learned today instructions forwarded to Ambassador Gerard and American consuls Saturday were to give them this advice and assist them in leaving wherever possible.

LONDON, Feb. 6.—The American consul at the port where the survivors of the British steamer Eavestone were landed, today telegraphed American Ambassador Walter Hines Page a full report of the sinking of that vessel by a German submarine.

Page declined to make the report public, but instructed the consul to investigate further and report from the survivors, first, whether the Eavestone was warned by the U-boat, second, whether she offered resistance and, third, whether she attempted to escape.

BY ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, Feb. 6.—Germany's answer to President Wilson's notice of a diplomatic break is expected within twenty-four hours.

It may be a declaration of war. Belief is rapidly crystallizing among officials that this final step is inevitable and it would cause no surprise if Germany took it now. This belief was strengthened by receipt of Berlin press dispatches quoting Foreign Minister Zimmermann as saying: "There is no step backward contemplated," following President Wilson's action.

Also, it was recalled today that last spring, when the Sussex sinking threatened a diplomatic break, Ambassador Von Bernstorff said such a break would result in an immediate declaration of war by Germany.

At the same time President Wilson told members of the foreign relations committee that he had been "reliably informed" actual war would follow a break.

Bernstorff yesterday reiterated his former statement. Possible action of this kind by Germany took precedence in the discussion of officials today, even over the London Admiralty statement reporting the killing of an American citizen by a German submarine gun. According to the admiralty report, Richard Wallace of Baltimore was killed by a U-boat shell-fire while leaving the British steamer Eavestone in a small boat.

Crisis More Acute
Bernstorff yesterday reiterated his former statement.

Should Germany make the war decision, some officials believe she will base her declaration on President Wilson's active efforts to align all neutral governments in a break.

Some officials, however, in spite of the German declarations to the contrary, believe she may modify her U-boat campaign before a greater crash results.

While awaiting the step which may mean war, the President is determined that this government shall make no more not fully and literally justified by the laws of nations and humanity; that nothing shall be done for mere expediency that might merit a reproach from any nation, even Germany.

Meanwhile, the government moved rapidly in inaugurating, completing and perfecting details of war preparation.

Rush Defense
Every instrumentality at the direction of the President, Congress and the departments was being used toward getting all arms of the nation's defense strengthened and equipped for the first gigantic service since the Spanish-American war.

The President this afternoon is to meet with his cabinet and canvass the situation—what has been done and what is being planned toward mobilizing the tremendous resources of the country for threatened war.

Congress was ready to authorize the raising of any sum needed.

The Senate is expected today to vote a resolution of confidence in the President and the House will follow.

BY CARL D. GROAT
(United Press Staff Correspondent)
WASHINGTON, Feb. 6.—Conclusive proof that Germany intends to wage her war of "ruthlessness" on the seas, as evidenced by the Eavestone case, increased the tension in Washington today. The State Department's official word on the destruction of the Eavestone was the loss of one American negro sailor's life indicated to officials that Germany has cast caution overboard. The reports said the men were shelled after taking to lifeboats.

This is contrary to all international law, regardless of whether the men in the life boat are from a naval vessel or otherwise.

The fact that the Eavestone was a British naval collier tends to mitigate the sinking of the vessel, but nothing in the international rules excuses shelling of life boats.

Germany herself made this point in the Baralong case, which, while not exactly similar, is parallel. In the Baralong case Germany charged brutality to German seamen after they had gone overboard.

Officials insisted today on waiting for fullest details. They said they must have all facts before they act. They also hinted strongly that it must be Germany that makes a declaration of war—if a declaration of war must come.

In the meantime dispatches were immediately prepared, requesting all speed by American representatives to rush affidavits containing details from any who may have been saved from the Eavestone. These must be in hand at the State Department and White House before a final decision is reached.

U. S. MOVES MUNITIONS FROM NORFOLK

NORFOLK, Feb. 6.—The movement of a considerable amount of ammunition from the navy yard magazine to northern ports is under way today. There is an unusually strong guard at the magazine.

TWO MORE BRITISH SHIPS SUNK

LONDON, Feb. 6.—The British steamer Warley Pickering has been sunk in the barred zone, it was today announced. The British steamer Floriana also has been sunk, sixteen members of the crew being saved.

FAIL TO FIND KIN OF YANKEE SAILOR

BALTIMORE, Feb. 6.—Richard Wallace, reported as a Baltimore seaman, was known to only two sailors at the sailors' boarding house. Search failed to locate any relatives.

HEAVY SHIPPING TOLL TAKEN BY DIVERS

LONDON, Feb. 6.—Among the vessels that have been sunk are the Belgian relief steamer Lars Kruse, carrying wheat from Buenos Aires; the British steamer Hurstwood; the Dutch steamer Gamma, the Russian four-masted bark Garnet Hill; and the British steamer Isle of Arran. The Hurstwood is claimed to have been torpedoed without warning. Five men were killed and one injured. A claim that the Gamma was torpedoed without warning has been denied by Berlin.

[CONTINUED ON PAGE 8]

MILLIONS TO BE EXPENDED IN ADVERTISING SOUTHLAND

Southern California Publicity Board Organized In Los Angeles Yesterday

T. B. Talbert, chairman of the Board of Supervisors, and R. L. Bisby, manager of the Spurgeon Realty Company, were elected members of the board of directors of the Southern California Publicity Board, permanent organization of which was effected at a meeting held at the Alexandria Hotel in Los Angeles yesterday.

The board has been organized for conducting a campaign of publicity for the next five years, boosting Southern California in eastern periodicals to the extent of \$500,000 each year, or \$2,500,000 in the five-year period.

The advertising is to be general as regards Southern California, no one particular section to be mentioned in any of the advertising. The character of the matter will be such as to arouse the interest of the easterners and create a desire to come to the sunny Southland. Once here, it will be up to the individual city or county to attract the tourist.

A double-page ad in the Saturday Evening Post showed wonderful results, hundreds of inquiries being received by the Auto Club of Southern California from parties who had read the advertisement in the periodical.

Financing of the proposition will be undertaken by private subscriptions, contributions by chambers of commerce and appropriations by the supervisors of the various counties comprising the group of Southern California.

The Associated Chambers of Commerce at its meeting at Orange Wednesday night of last week, endorsed the plan, and the supervisors acting on the endorsement in every probability will make a liberal appropriation from the advertising fund of the county.

Talbert and Bisby have taken an active part in the preliminaries to the

SIR KNIGHTS TO ASSEMBLE AT SACRAMENTO IN APRIL

Fifty-ninth Conclave of Grand Commandery of State to Be Held April 15-21

The fifty-ninth annual conclave of the Grand Commandery of the State of California will be held at Sacramento April 15 to 21, and it is said that the convention will be a record-breaker.

Reservations for quarters are pouring in and the majority of the fifty-four commanderies in California are planning to be represented.

The local committees are busy in perfecting plans to make this the "biggest, brightest and best" Masonic Conclave ever held in superior California and propose to give the entire week over to the visiting Sir Knights, their ladies and friends.

Monday, April 16, will be devoted to the Grand Council; Tuesday and Wednesday to the Grand Chapter; Thursday and Friday to the Grand Commandery, and Saturday to the Shrine.

Between 4000 and 5000 Sir Knights are expected. The famous San Francisco Knights with their trumpeters mounted will appear in the parade on Thursday. Several commanderies are planning to bring two drill teams. Several Templar bands are coming with their commanderies and Sacramento is promised a gala week.

There will be plenty of entertainment for the ladies. Not a dull moment on the program—auto rides to different points of interest, receptions, luncheons, theater parties, grand ball and sight-seeing around the capital.

NATIONAL BABY WEEK OBJECTS ARE OUTLINED

BY MRS. ETTA R. GOODWIN
Of the Federal Children's Bureau
(Written for the United Press)

[Note: Mrs. Goodwin conducts all the Baby Week correspondence for the Children's Bureau and may be addressed at Washington—Editor.]

WASHINGTON, Feb. 6.—The second National Baby Week will be celebrated in the United States May 1 to 6, inclusive. My correspondence today indicates that a majority of the 14,000 incorporated communities in the country will take part in it.

Please don't get the wrong idea of Baby Week. It is not a sentimental outburst. It is a serious movement to popularize certain principles of baby care and community responsibility for baby welfare.

The keynote of a Baby Week campaign is co-operation. This was true of the 1916 celebration and the inquiries pouring in at the Children's Bureau today and the local plans already under way indicate that the co-operation is even more universal in this year's campaign.

Of course the 2,500,000 members of the General Federation of Women's Clubs are co-operating. The General Federation and the Children's Bureau were jointly responsible for the first suggestion for a nation-wide Baby Week.

The way chambers of commerce and other men's organizations of various kinds, and national associations devoted to one or another special problem, turn in and help is surprising.

Most impressive is the work of state health officials and of extension divisions of state universities and agricultural colleges. These work with

February Sale Floor Coverings and Furniture

IN THE FACE OF ADVANCING PRICES THIS STORE IS ACTUALLY SELLING THE CREAM OF ITS STOCKS AT SUBSTANTIAL REDUCTIONS.

Careful buyers who appreciate values were quick to avail themselves of the savings to be made during this sale, which began last Friday. The opening days were busy days at our store. Remember this sale continues for ten days only, so you must act promptly if you wish to secure your share of the many bargains.

Look at These Rug Bargains

If you can buy a good rug today for less than regular price, grasp the opportunity. Good rugs are increasing in value daily; and there is no telling where they will stop.

Here are a few big buys—grasp them:

\$80.00 Bigelow Ardebil Rug, this sale \$65.00
\$40.00 Body Brussels, some rare bargains at ... \$26.50 and \$30.00
\$35.00 Axminster Rugs, sale price \$25.00

Exceptional Values In Bed Room Furniture

Bedroom furniture has kept pace with rugs. The prices are advancing steadily. When you can buy sets at the reductions we offer them they should be doubly interesting. Here are two specials:

\$125.00 Ivory Bedroom Suite \$90.00
\$75.00 White Enamel Set \$60.00

Dressers

We have a large selection of Dressers in Circassian Walnut, White Enamel and Old Ivory.

\$35.00 large size Circassian Walnut Dressers \$24.00
\$25.00 White Enamel or Old Ivory Dressers \$17.00

Brass Beds

Nearly every family needs a brass bed. We've some dandies. During this sale you may take your choice and just deduct 20% from the regular price.

Mattresses

We were fortunate enough to get a few of the much advertised Elastic, Felt Mattresses. They are sold regularly for \$12.00.

This sale \$8.50, but only one to a customer.

Linoleums

We have just 500 yards of linoleum. We want to clean it up, and to that extent are making a very special price.

This Linoleum sells regularly for 90c. Sale price will be 60c, while it lasts.

West End Furniture Co.

Ore Values Increase and Go to Great Depth At Chloride

"Chloride properties in the past have produced from grass roots ores of exceptional value, and in the last few years it has been demonstrated that these values not only go to great depth, but have increased.

"The Tennessee, at the north-westerly end of the district, has improved steadily with each new level, and the present depth of 1400 feet is reported to contain the best ore yet found in this property.

"The Golconda, at the other end of the district, has attained a depth of 1000 feet, showing a constant improvement.

"The ore recently encountered in the Hughes Arizona Copper Company's tunnel shows values as high as 19 1/2 per cent copper, 54 per cent gold and 78 ounces silver. This vein is from four to ten feet in width. Extensive sampling in ore chute opened with tunnel shows values of \$20.40 per ton. Reports just received from the property tell of marked improvement in breast of tunnel."

The above is part of a news item in the Los Angeles Examiner of January 22.

Hughes-Arizona Copper stock is now selling at 25c a share. For further information, call on or address

SLOAN'S LINIMENT EASES PAIN

Sloan's Liniment is first thought of by mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than messy plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds. Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all Druggists, 25c.

HEY, KIDS! WHY NOT TURN IN AND LOBBY

SACRAMENTO, Feb. 5.—If the school kids were afforded an opportunity to lobby, they probably would direct their full attention to the bills now pending before the legislature which propose to close the schools on Labor Day and on Admission Day, which falls in the same week.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

"The ore recently encountered in the Hughes Arizona Copper Company's tunnel shows values as high as 19 1/2 per cent copper, 54 per cent gold and 78 ounces silver. This vein is from four to ten feet in width. Extensive sampling in ore chute opened with tunnel shows values of \$20.40 per ton. Reports just received from the property tell of marked improvement in breast of tunnel."

War Or No War

This is the time to buy Flour. The talk is that flour will go to \$14.00 per barrel. A month or two ago the potato dealers said potatoes would go to \$4.50 and \$5.00 per cwt. They are quoted today in Los Angeles at \$0.00 per cwt, and before this week is out they are liable to get to the \$4.50 mark. The way things are shaping there is nothing to prevent flour from going to \$14.00 or \$15.00 per barrel. You can just as well save \$4.00 or \$5.00 per barrel by buying now.

We are offering you the biggest value ever offered in flour in this city. We have put this flour in place of all the popular brands such as 3-P Kansas, Moses Best, A-1, Drifted Snow, etc., and it has stayed put.

HIGHLIGHT FLOUR, This Week, 1 lb sk. \$2.50

READ THE GUARANTEE Take a sack of highlight flour home, use it all and if it does not prove as good or better than any other flour you have used, bring back the empty sack and get YOUR MONEY BACK.

Can you beat it?

F. E. MILES CASH GROCER and MEAT MARKET.

Fourth and Broadway.

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From An Excess of Hydrochloric Acid

—Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydro-chloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effecting and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Advertisement.

state federations of women's clubs and with each other in outlining special programs adapted to the conditions of an individual state and they help local celebrations in numberless ways, with lectures, exhibit material, bulletins and personal advice.

Each of these agencies is equipped to make its own special contribution to the campaign—the child-welfare committees which are being organized in women's clubs of every type, the special committees studying local birth registration, the associations doing infant-welfare work, the public health officials of city and state, the state universities through their extension work, and civic organizations of various kinds.

Our correspondence indicates that they all recognize in Baby Week a unique opportunity.

BEAN GROWERS WANT PENALTY

Recommend Contracts Contain 2c a Pound Cost For Non-delivery

At a meeting of the San Joaquin Lima Bean Growers Association meeting at Irvine last night a recommendation was made that the California Lima Bean Growers Association, which is the central association, put a liquidated damage clause in the 1917 contracts with growers, the penalty for non-delivery to be two cents per pound.

Last year the contracts established no penalty for the failure of a grower to deliver his beans to the association to which he belonged. While the question as to whether or not damages can be collected from the growers who jumped their contracts has not been settled, the necessity of a plain, adequate provision in the contract has become apparent, and the been recommended by several of the associations. The San Joaquin association went strongly on record in favor of it.

The San Joaquin association has lost none of its members, and has gained in membership over 1916.

POMONA TO INCREASE ORANGE SHIPMENTS

POMONA, Feb. 5.—Arrangements are being made to increase shipments of oranges, reports being that the eastern markets will stand much heavier consignments than have been shipped during the past few days. Returns are coming into the city at the rate of \$6000 a day.

NEW FUMIGATION PLAN MEETING SET FOR FEB. 9

Announcement today was made by the Orange County Fruit Exchange offices, Orange, that a meeting for the purpose of organizing an exchange growers' fumigation company and signing up acreage would be held at Campbell's Hall, Orange, February 9, beginning at 1 p. m.

Owners of 2000 acres of citrus lands already have expressed their willingness to enter a co-operative fumigation company and it is expected that at Friday's meeting much more land will be signed up.

Officers will be elected and details worked out at the meeting. The organization will have for its object the securing of greater economy and efficiency in fumigation.

FELT LIKE 90; NOW LIKE 21

Many persons complain about feeling old before they should. Like a weak link in a chain, a weak organ enfeebles the whole body. Overworked, weak or disordered kidneys lower vitality. A. W. Morgan, Angola, La., writes: "I suffered with pains in the back. I am 43 years old, but felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." In 50c and \$1.00 sizes. Rowley Drug Co.

STREET PEDDLERS OF LA PLATA, ARGENTINE, ORDERED TO BATHE

LA PLATA, Argentine, Feb. 6.—Periodical baths for street peddlers have been decreed by the La Plata city government. For violation of the rule the penalty is the revocation of the offender's license. To insure that the baths are thorough, it is provided that they shall be taken in a municipal establishment under the direction of a sanitary inspector.

MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE ONE DOSE WILL CONVINCE

Gall Stones, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by druggists everywhere.

CITY TRUSTEES

ORDERS BRISTOL STREET PAVED, PROPERTY TO PAY FOR IT

Attorney Head Says He Will Knock 1911 Act Proceedings Into a Cocked Hat

FOUR MEMBERS OF BOARD VOTE YES

Several Street Improvement Proposals Are Made to the City Council

By a vote of four to one the City Trustees last night voted to pave Bristol street from the end of the county pavement to West Fifth street, the property owners to pay the entire cost excepting a strip that the county will pay for.

Attorney H. C. Head for the property owners declined the proceedings into a cocked hat.

Last night was essentially Paving Night at the city board.

Nearly a score of residents of Hickey street, most of them women, were on hand to protest vigorously against a plan to end the paving of Hickey street at Garnsey instead of at Flower.

Petitions for paving Bush from Washington to Santa Clara and West Fourth from Baker to Artesia with concrete-asphalt and for paving Birch from Sixth to Tenth with crushed rock and oil were referred to committees.

Petitions to grave West Pine and West Chestnut between Flower and Baker were granted.

Halesworth from Broadway to Ross was ordered paved with concrete-asphalt.

Bristol Situation
Bristol street ranged first in intensity. Trustee McPhee brought it up, saying that the west half of 2650 feet of the space between the present paving and West Fifth will be paved by the county. Supervisor Leck has the money to do it.

"If we wait until everybody is ready to pave Bristol street, you and I will be dead," said McPhee. "When the county paved, the city virtually promised to meet it. I move that we order this paving down, with four-inch base, crushed rock and oil top the same as the county uses, eighteen feet wide."

Attorney H. C. Head said that he was there representing two-thirds of the frontage which protests. "It is not right to ask these people to pay for a road that is to be built for the benefit of Talbert farmers and Santa Ana merchants," said Head. Out of a total frontage of 9632 feet, 6791 have signed this remonstrance. At least, part of the expense should be met elsewhere. With the majority against it, you can't proceed under the Vrooman Act."

McPhee said it was not proposed to use the Vrooman Act, but to use the act of 1911, by which a four-fifths vote of the board could carry it over the heads of the majority frontage."

Says it's Worthless
"Since you threaten to use force," said Head, "I want to say to you that the act of 1911 was so cut up by the Legislature of 1915 that no other city dares go ahead under it, and if you go to use that act to try to force this work done, I promise you that I'll knock the proceedings into a cocked hat. If you can't see the justice of our stand, and try to jam it down our throats, you'll have to jam mighty hard."

Trustee Greenleaf wanted to know who asked for the paving. Mayor Visel replied that unless it is paved outsiders would go elsewhere to trade.

"This city helped pay for paving West Fifth and South Main, and

ought to help pay for this," said Greenleaf. "If the business houses and other people of this city want this paved for their benefit they ought to pay part of the cost. It should be improved. I suggest a good gravel and oil job."

Says Meet Defi
McPhee said that conditions were very different on West Fifth, where as the result of flood people could not stand the cost. He said that if the city is going to use money for paving, the place should be Fairview avenue because the city sends its storm water there. He suggested putting in bonds for that job.

"We should accept Head's challenge, go to the bat and see if the law is any good," said McPhee.

"I am not exactly in favor of making them pay for all the paving," said Trustee Tubbs, "but if we are whipped before we start, as the attorney says, they will fight just as hard if we offer to pay half."

McPhee's motion was passed unanimously with the distinct understanding that it merely meant that the street should be paved, not saying who should pay.

Under 1911 Act
McPhee then moved that they proceed under the 1911 act, the property owners to pay the cost of paving. Trustee Maryatt seconded.

When it came to a vote, Tubbs, McPhee, Maryatt and Visel voted yes, Greenleaf no. Tubbs said: "I do believe the city should help in this job, but when a hired attorney comes here and tries to chase this city into a hole, we ought to find out where we stand. I vote yes."

"No member of this board has a right to take offense at the honest presentation of views on any matter coming before this board," said Head. Because these property owners had the audacity to tell you where they stand, is no reason for meeting them in that way."

With the motion passed, the matter went by for the evening.

That Extra Block

Ranking next to Bristol street in thrills came Hickey street. Briefly, the history is: The street was being paved from Broadway to Garnsey. Several property owners near Garnsey said the drainage was such that water would stand unless the paving extended west. The trustees voted to extend it west one block. That was three weeks ago. Since then J. W. Sackman, whose property would be touched by the extension, has convinced some of the trustees that the block would be burdensome to him and not necessary.

Last night Sackman said that there was no benefit to him in the extension. Engineer Bonebrake said the extension would aid drainage some.

J. W. DeLong said he made the first speech of his life, excepting the one when his stuttered address to a certain lady met with a "response of yes." He said he and several others whose curbs and yards are overflowed by storm water would not have signed the contract excepting on the assurance of the council's order that the paving would go to Flower street. When DeLong asked those with him to rise, a score arose. One stated that Sackman's brick business used the street twenty times as much as any other business.

Steele Finley, the contractor, said he got signatures to the contract, but at no time did he state that the paving would go west to Flower. He merely stated that the trustees had voted to extend it to Flower and had agreed not to back up. V. W. Pyatt emphatically declared his wish that the paving should go to Flower. A resident of Flower said that the chances of getting Flower improved would be better if the paving went to Flower.

Engineer Bonebrake explained that there is a hump between Garnsey and Flower, which could be removed. Flower is seven-tenths of a foot lower than Garnsey. To determine what should be done to get drainage, Bonebrake, Tubbs and Greenleaf were named as a committee to make a report on the situation.

And there the matter stands for the present.

Halesworth Street
Trustee Maryatt reported that 646.7 feet of 1455 frontage on Halesworth between Broadway and Ross favored concrete with asphalt top rather than crushed rock and oil. As is the rule of the board, non-resident owners are counted as favoring improvement. Maryatt moved that the street be paved with concrete-asphalt. Greenleaf wanted to wait a week before deciding, and voted no. The rest voted yes.

McPhee said that the city should take some steps to prevent cutting of pavement. East Third having been cut in three places since the new pavement was finished, to connect sewers. He said that sewer connections should be made a part of the paving contract. McPhee's suggestion was extended, and a motion was passed to the effect that hereafter responsibility for seeing that all sewer, water and gas connections are in the curbs laid shall be up to the paving contractor.

Refer to Committees

A petition for paving Bush from Washington to Santa Clara with concrete base and asphalt top was reported as bearing 59.9 per cent of the frontage. In order to make sure that all connections are put in, the petition was referred to a committee, Greenleaf and McPhee.

For the same reason a petition for concrete-asphalt on West Fourth from Baker to Artesia, bearing 67.6 per cent went to a committee, Greenleaf and Tubbs.

There was close to a declaration of hostilities when a petition for paving Birch from Sixth to Tenth was read the paving to be crushed rock and oil with the addition of a sealing coat of the surface. It was stated that 61.1 per cent of the frontage had signed. Two or three residents declared the paving is not needed, and the amount of the percentage was questioned.

In reporting the percentages, the rule of counting non-residents as signers, even though they may be opposed, may have been invoked in all these petitions.

Bright Light Shines
After many tribulations and vexations, residents of West Pine and West Chestnut between Flower and Baker are to have something done. Last night Oscar Wilson filed petitions for graveling those streets. Nearly every foot of frontage was signed up, and Wilson assumed responsibility of getting the rest. The petitions stated that the property owners will pay for hauling the gravel, which is described as being gravel that will pass through a two-inch screen, the city to spread

How to Get Away From the High Cost of Fertilization

With all fertilizer material soaring "SKY HIGH," grasp your opportunity now—for we have not advanced the price of our

PACIFIC BONE-COAL AND FERTILIZING CO.

730 Consolidated Realty Bldg., Los Angeles, Cal.

it and "construct" the street. Tubbs and Greenleaf objected to the word "construct" as it was indefinite, and various notions of what the city was expected to do should arise. The petitions were granted with the word "construct" stricken out.

Drawing Plans

Tubbs reported that plans for the North Main street bridge are being drawn. A letter from Paul Shoup, president of the P. E., was read. It stated that the P. E. would let the city know soon what proportion of the cost of a new concrete bridge the P. E. was willing to stand. The P. E. is to report just as soon as the plans are drawn.

An ordinance regulating safety vents for gas heaters was given first reading. A letter from C. H. Smith, F. H. Eley and J. P. Baumgartner stated that since it had not been possible to get Eighteenth street paved with crushed rock and oil in time to be of value this winter, they withdrew from the petition and expect to ask for concrete-asphalt next fall.

A street light at Evergreen and Second streets was ordered in.

Catarina Estrada was granted a lunch counter license for 309 North Broadway.

Holds Insurance

The former action of the board cancelling a policy for employees' insurance was rescinded, owing to the fact that the rebate on the premium was so little that it was best to hold the policy.

A letter from the Guardian Casualty & Guaranty Company stated that it was cancelling all insurance on jitneys. Clerk Vegely stated that the Golden State Indemnity Company is now writing the bonds. On the advice of the city attorney, the city declined to release the Guardian company, since suits on the bond may yet be brought.

The Automobile Club of Southern California was given permission to place a sign post in front of 303 North Main.

Permission was granted Maria de Moreno to move a house to 719 East Second.

The alley around property at the northeast corner of Tenth and Bush was ordered put to grade and paved with crushed rock and oil at the expense of the property owners.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

—Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

NO FLAG EVER BE MORE BEAUTIFUL THAN AMERICA'S

"I hope the time will never come to any of you when any flag will be more beautiful to you than the Stars and Stripes."

Rev. Otto S. Russell of the First Baptist Church Sunday touched upon the war situation in a brief five-minute talk to the children of his morning congregation, during which he gave expression to the sentiment quoted above.

Few ministers of the city made reference to the situation Sunday in any of their sermons. Those who did touch the matter did so only briefly and without expressing any opinion as to whether this government should or should not take up arms.

A discussion of dolls brought Rev. Russell to the references he made to the war.

"We could not get any more dolls in this country from Germany if we should go to war with Germany," said the divine in addressing the children of his congregation. "I hope we will not get into a conflict with Germany, but if we do, I hope every man, woman and child will stand by the flag and President of our country. I hope the time will never come to any of you when any flag will be more beautiful to you than the Stars and Stripes."

Rev. Schrock, of the Congregational church, made a brief reference to war in closing his sermon Sunday morning. His subject was, "The Bible's First Message." He dealt with the beginning and the overruling power of God, and he expressed the belief that the overruling power of God will bring order out of chaos.

U. S.-GERMAN WAR IS CERTAIN, BELIEF OF TOMMIES AT FRONT

BY WILLIAM PHILIP SIMMS
(United Press Staff Correspondent)
WITH THE BRITISH ARMIES IN THE FIELD, Feb. 5.—Everybody at the front believes war between America and Germany is certain.

As news of America's diplomatic break spread last night, a ripple of applause figuratively swept the entire army zone.

Every mess throughout the front buzzed with the news. The officers and men were pleased with the general opinion which the moral effect of America's diplomatic break would be as depressing to the Germans as encouraging to the allies.

Americans in the Canadian regiments were busily hand-shaking and receiving compliments. There was gaiety everywhere.

America's backing is appreciated here—even though thus far that support is only moral.

The report quoting Count von Bernstorff, German ambassador in Washington, as plaintively wondering how he would get home was provoking of much mirth.

PAPAL ASTRONOMER, ONCE OF WASHINGTON, SUSPECTED OF SPYING

ROME, Feb. 6.—Another American was suspected as a spy yesterday. He is Rev. P. J. D. Hagen, S. J., the papal astronomer, formerly of Washington, D. C.

For weeks the police have observed "suspicious activities" in the Vatican gardens. Every night a black-robed figure appeared for a time on a bridge stretching between two towerlike buildings.

The stranger made weird motions toward the heavens. Afterward, he disappeared into one of the structures. A mysterious noise generally followed his entrance.

The police believed the clergyman was signaling the enemy. Their investigation introduced them to Father Hagen. Official documents showed the 70-year-old astronomer to be an American citizen. The "suspicious activities" were only his astronomical observations.

Every Wife Should Have One

It isn't right to expect your wife or mother to tire herself and weaken her tender back over an old-fashioned wash tub.

She is entitled to have a stationary Laundry Tray, with hot and cold running water right at hand. A Laundry Tray will take the drudgery and ache out of her washings.

For one thing, she won't need to carry water for cumbersome tubs. She turns on a faucet and the Laundry Tray fills itself. She pulls out a plug and the Tray empties itself.

Come and see us about installing a Laundry Tray for Mother.

FORD FACTORY OFFERED U. S.

WASHINGTON, Feb. 6.—Wadsworth read in the Senate yesterday a telegram from representatives of German and Austrian societies pledging the sworn loyalty of 100,000 members to America and urging that all steps be taken to preserve peace.

Henry Ford offered Secretary of the Navy Daniels the use of his factories for government munition work, agreeing to operate them without profit.

Big arms makers and steel firms also promised to speed up government work and co-operate with the government in case of war.

A warning through the press to the country was issued by the administration. The warning urges that citizens not do anything in panic or haste that might embarrass the government in the present situation.

Ford told Daniels:

"I can without question and in the event of a declaration of war place our factory at the disposal of the government and will operate without one cent of profit, and will also contribute my time and work harder than ever before."

Other firms offering their services to the government are Bethlehem Steel, United States Steel, Remington Arms and Winchester Arms. These did not mention operating without profit.

Standard Paint and Paper Co., 209 West Fourth St. Phone Sunset 1376.

HALSEY MEZZOTINTS ARE ON BLOCK TODAY

NEW YORK, Feb. 6.—With \$264,447 worth of the several million dollars' worth of pictures in the collection already auctioned to art lovers all over the country, another section of the Frederic R. Halsey collection of prints went under the hammer at the Anderson Galleries here yesterday.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"Pape's Diapepsin" Fixes Sick, Sour, Upset Stomach in Five Minutes

—You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, it what they eat lays like lead, ferments and sours and forms gas; and causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

EXPECTING CRAWFISH TO CLEAN THE LAKE

Last week the lake at the county park was dragged so that it might be cleaned of an accumulation of moss and scum. That job was done by men. Hereafter the job of keeping the moss down will be up to a lot of crawfish. Yesterday Game Warden Adkinson took 800 fresh water crawfish from C. A. Howard's hatchery, near Huntington Beach, and swam 800 fresh water crawfish are moss eaters, and it is expected that they will get busy and keep busy in the county's lake. Adkinson also put 100 catfish into the lake. Last year he put in about a dozen black bass, which have multiplied rapidly.

A Texas Wonder

—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2296 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

INTERNED SHIPS UNDER U. S. SEAL

NEW YORK, Feb. 6.—The thirty-one German and Austrian ships lying in New York harbor today are sealed. They will not be seized unless something further takes place in relations between this country and Germany.

It was stated on the highest authority that not a merchant ship in the United States has been seized by this government. This authority pointed out that it was the seizure of German ships by Portugal which led to a declaration of war by Germany on that country.

A Woman's Experience With Grippe

—When a cough or cold "hangs on," and you have aches and pains in your joints and muscles, it is likely that grippe is taking hold of your system. Mrs. J. A. Rodgers, Switzer, S. C., says: "I am susceptible to colds, often ending in grippe. In this case I have found Foley's Honey and Tar to prevent doctor bills." This sterling family remedy loosens the phlegm, stops irritation, allays soreness and inflammation and frees the air passages. Good for children. Rowley Drug Co.

LEAKS IN DAILY LIFE

The probable fact that large sums were made in the stock market through advance information of President Wilson's peace note, looks like a big abuse. Are diplomatic negotiations to be peddled about the street and made to yield a profit to the bulls and bears? Yet many of the men who condemn such lapses most severely are themselves unable to keep their mouths shut about confidential business information.

The leakers are a large profession. Wall street is full of them, being in fact one big ear listening at keyholes. Fortunes are made by premature leaks about raising and lowering of dividends. In most cases, though, the leakers are led astray by false tips. In any event the insiders get the cream, leaving the skimmings to the rest.

In ordinary business life many a stenographer knows enough to ruin her employer if she talked about it. Those are wise who draw a distinct line between their office life and their outside life, and never let the two interests cross each other.

The successful business man keeps his mouth shut and he expects his employees to do the same. But the big corporations must be hard put to it to keep their projects quiet. There are always listening ears of rivals who would give much to learn what their competitors are planning to put over next.

There are some people whose natural instinct is to talk about all their observations, experiences, surmises and impressions. They babble artlessly and garrulously about their job, and the work that goes on under their eyes. Vital trade secrets are passed along "just between us." That kind of person does not get very far in business. Leakers are unpopular in the office. They are sooner or later replaced by silent, reserved sort of people, who have the gift of reticence.

GERMAN-AMERICANS

In this cosmopolitan country, it was inevitable that any European dispute should have found our people ranged by ancestral sympathy on both sides of it. Until now, this fact has not been important. Americans of pro-German sympathies merely avoided personal quarreling with their neighbors of pro-Ally sympathies, and otherwise life went on undisturbed and untroubled. But now the change has come. America is no longer neutral. Our peaceful relations with Germany are already suspended, and formal war is an early possibility. The duty of every American, whether of the first, the second, or an older generation, is now owed to America alone. On the issues between Germany and England we may still entertain, at least for the present, divided sympathies, but on the issue between Germany and America we must be unanimous. For us, there is only one side of this question, and that is the American side.

All this is true enough and obvious enough, but for some it may not be easy enough. The German-American is first an American, and he knows that his whole duty is to America. But he is also of German birth or blood, and his heart-strings go out to the Fatherland. In the conflict of duty and memory there is only one side to take—but there is a conflict, and it is not easy. Whatever will make it easier is welcome.

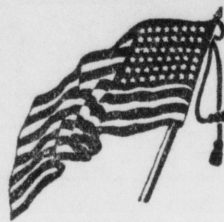

There is therefore much reason for congratulation in the frank words of Count von Bernstorff. The late ambassador said: "I'm sorry. However, I expected it. There was nothing else left for the United States to do." And again: "I am not surprised. My government will not be surprised, either. The people in Berlin knew what was bound to happen if they took the action they have taken."

This is not American, but German sanction. It is the announcement, practically official, that the German government itself recognized the inevitability and the justification of the American position. Germany did not wish us to be enemies, and did not take this step for the purpose of making us enemies. But the Germans, for other purposes, did take a step which they knew would make us enemies, and they regarded those purposes as so important that they were willing to pay even this price for them.

The German-American, then, need be no more embarrassed, even in his sympathies, by his hyphen. His duty was plain, already, regardless of the hyphen. But now comes sanction, from both sides of the hyphen, approving of that duty. That Americans should be unanimous on this issue is

By Henry James

Looking Ahead

Feminine fashions always amuse the masculine observer. There is something so absolutely naive about the way friend wife will accept some style that in itself is hideous, and that may be especially unbecoming to her, that the male of the family just has to smile.

Not that all fashions are reprehensible or lacking in artistry. By no means. There are many fashions that require beautiful textures, wrought into daintiness, the result being as winsome as a bouquet sparkling with dew.

The habitual smile alluded to culminates in an audible burst of merriment at the explanation of one fashion writer that a "woman should not dress for the moment, but as she would like to look in a photograph ten years later."

How does the woman, being human, know how she would like to look ten years hence? Young, of course, and handsome as ever, or more so, but in the matter of raiment tastes change. They change not in accordance with any scheme of development, but by the whim of creators of styles, glorified and conscienceless modistes, whose word is final and whose quirks of mind have all the force of law.

Probably there is not a woman on earth who waives consideration of her present aspect, or cares a continental as to how her photograph taken today is to strike the observer a decade in the future.

Strange Birds

A Redondo correspondent reports that a bird ordinarily unknown outside of Alaska recently applied for admission at a beach residence. It was a beautiful creature, of golden brown. After it had been fed and given shelter while regaining its strength, it soared away, uttering one weird farewell note, and vanished in the north.

Why is it such happenings are always taking place at Redondo? It is because the correspondent there also is a bird; and no visiting truant from Alaska ever gave a farewell note half so weird as the colorful squawks to which he treats his environment right along.

Change of Calling

A Los Angeles mail carrier, dismissed for opening a letter, and fined \$100, says that he will go back to preaching.

If he thinks he has had a "call,"

perhaps the wrong number was rung up by accident. The advantage of being one's own honorable example hardly is sufficient excuse for jumping on the reform platform, let alone the pulpit.

Wrestling

Wrestling once was a trial of strength and skill. Before it became a professional sport it was conducted as modestly as any other game played by school boys.

Now that it is a profession, and the winner takes the purse through twisting his opponent's toe, if it is a game at all it is a bunko game.

Boosting Furs

Furs also have gone up in price, and the dealers have the nerve to blame the war for it.

Perhaps it is a military custom now to use sabres for swabbing out the big guns.

Status of the Nurse

A club of Washington women is all torn up because a trained nurse was proposed for membership.

I would like to know what any society woman of Washington has done to create the odd illusion that she is superior to a trained nurse.

Of late years people feel an impulse to doff their hats to the trained nurse, and to exalt her to a station from which she may look down upon even a haughty member of capital society.

San Francisco

San Francisco is reforming again. The city on the bay is never more interesting than while indulging in one of these spasms.

Use of Decoys

In a recent New York murder, of the characteristic type that distinguishes the metropolis, a girl was used as a decoy to lure the chosen victim within range.

Out here the decoy duck is familiar enough, but the decoy chicken has not been introduced.

The Human Fly

Lately a man has been giving exhibitions of crawling up the walls of skyscrapers. Crowds gather to see him, in the hope that he may fall.

If there is occasion to ascend a skyscraper, the stairs are available, and in most of them elevators run regularly, and much faster than it is possible to crawl.

Swat the human fly.

HEALTH AND ECONOMY

Santa Ana, Jan. 30, 1917.

Ed. Register:—Reading an article in Jan. 30th issue of your good paper under the caption "Grind Your Wheat; Reduce the Cost of Living" has moved me to give you my experience for past four or five years in grinding wheat.

About five years ago I began to grind wheat for bread for myself on account of stomach trouble. I found that the bread from wheat meal ground in a good strong coffee mill, tasted a great deal better than bread made of roller process flour. I found, too, considerable benefit as to the stomach trouble.

I paid \$1.65 for the coffee mill. I soon found that the rest of my family liked my home ground wheat so well that I had to grind a good lot more of it than I first bargained for.

Then my wife began to make mush for breakfast of it and we don't use any other. We like the home-ground mush better.

I was born and brought up south of the Mason and Dixon line—that line that of late years only serves to separate a section of our country where the people live on cold light bread,

now the unanimous opinion even of the German government, including the personal representative of the Kaiser.

—Fresno Republican.

Dr. Magill, Osteopath, Phone 956-V.

Get in the habit. Call the Sutorium. Have old suits cleaned up again. May take the place of a new one.

from the section where they have hot biscuit two or three times a day; a section where the folks say "You hadn't ort to," from one where they say "You done do it."

I think that Mr. Dooley was about right when he said that "the main object with these patent roller process rollers and breakfast food manufacturers was to manipulate all the taste from their finished product, and they showily have succeeded."

I have found my home-ground flour much more wholesome, and it tastes much better and costs about half as much as "store botten" flour and breakfast foods do.

I run the wheat through the mill once and get fine wheat hominy, which we use for mush. I take that hominy and run it through again with the mill screwed up close and get fine wheat meal. I add one-fourth white flour to this meal for bread and pan cakes.

If anyone cares to profit by my experience and will call at 1331 West Fifth Street, I will show them my mill and process, "free, gratis and for nothing."

C. S. PERRY,
1331 West Fifth Street,
Santa Ana, Cal.

NOTICE OF STOCKHOLDERS'

MEETING

—The annual meeting of the stockholders of the Santa Ana Steam Laundry Co. will be held Feb. 6, 1917, at 2 p. m., at Chamber of Commerce rooms in City Hall, for the purpose of electing Board of Directors for the ensuing year and attend to any other business that may come before the meeting.

C. W. BURNS, Sec'y.

HOT FROM
SACRAMENTO

SACRAMENTO, Cal., Feb. 6.—Assemblyman George Ashley, who introduced the wine men's saloon regulation bill, sees no chance for the Rominger "ten per cent bill" to become a law, even if it is amended. He made known his personal view while at the capitol today.

Rominger's bill in its present form would put the ban on liquor having more than ten per cent of alcohol. A big shout being made by the wine men that the ten per cent limit would wipe out the grape-wine industry in California. Rominger hastily announced his willingness to raise the limit to 14 per cent or even 20 per cent, so as to permit the manufacture and sale of dry and sweet wines.

But, in Ashley's opinion, even if such an amendment is made, the bill will fall short of votes.

"If the limit is left at ten per cent," explained Ashley, "the bill will be practically a prohibition measure, and no such measure has a chance of getting through the assembly. If the limit is made 14 per cent a split will be brought about between the dry wine and sweet wine interests, sweet wine requiring at least 20 per cent. The 14 per cent limit would thus be opposed by the sweet wine interests, whiskey interests, saloon interests, and a number of drys. If raised to 20 per cent it would be opposed by all the dry legislators as well as by the whiskey and saloon interests. In short, the bill in any form would be faced with so much opposition that, in my opinion, the lawmakers will turn from it to some other proposed law, most likely the saloon regulation measure proposed by the wine men."

SACRAMENTO, Feb. 6.—A state sanitarium to care for tuberculosis victims, to be erected through a \$900,000 bond issue, has been offered as the solution of the perplexing problem of the proper handling of the cases of tuberculosis in the state.

The measure has been introduced in the Legislature, and has an added importance when it is known to have the endorsement of Governor Johnson and the state health board.

Past appropriation bills for the treatment of tuberculosis have been killed because an outright appropriation for such a purpose would have to be so large as to be inadvisable. The present plan is designed to meet this objection by the bond issue feature. It is further proposed to submit the bill to the people for ratification at the next election.

The Legislature in 1915 attempted to meet the problem by providing for the payment by the state to counties of \$3 a week for each tubercular patient cared for by the county. This was held invalid by the attorney general and is now before the appellate court. Dr. Kyberg, author of the new bill, declares his measure would not affect the county appropriation law, if it is held valid, but would operate jointly with it.

The plan proposed by the bill is intended to make the institution almost entirely self-supporting. It contemplates that the institution shall not only care for indigent cases, but shall be a completely equipped hospital designed to care for all kinds of cases with the best skill obtainable, and that patients shall be required to pay for treatment according to their means.

"We have now 50,000 cases of pulmonary tuberculosis in the state and nothing like adequate means to care for them," said Kyberg. "While there are some excellent institutions for the care of tuberculosis in the state, there are others that are not proper places for such patients. In the latter places patients who can hardly afford it are fleeced out of what little they have, and where they would like to go to a first-class recognized sanitarium, they cannot afford it. In the proposed institution private patients would get first-class treatment at moderate prices. I have submitted the matter to Governor Johnson and he is enthusiastic about it."

Dr. Kyberg says he conceived the idea of such an institution by the action of King Oscar of Sweden, who, on his silver wedding day, made a gift of 5,000,000 crowns for the establishment of three sanitariums in his kingdom. As a result tuberculosis has been practically eliminated in Sweden.

BOILER TENDER BADLY
BURNED BY BACK-FIRE

D. R. Thorpe, son of F. F. Thorpe, 1216 West Second street, sustained a number of severe facial burns this forenoon when a boiler he was tending for the Steele Finley paving outfit on West Fifth street, near the P. E. tracks, back-fired. Young Thorpe walked to town and was given medical attention. The exact extent of his injuries has not been learned.

JOLLY HOUSEWARMING

Dr. and Mrs. F. W. Slabaugh
Dedicate New Home; Also
the Master's Birthday

The beautiful new home of Dr. and Mrs. F. W. Slabaugh on North Broadway was the scene of a merry housewarming and birthday party last evening. The day marked the forty-fourth birthday anniversary of the master of the house.

The house guests for the occasion were Mr. and Mrs. C. W. Partridge of Los Angeles and Mr. and Mrs. E. T. Heyden of Hollywood, old friends formerly of Omaha, who were invited to meet some of the warm new friends of the Slabaughs in this city. The other guests being Rev. and Mrs. P. F. Schrock, Dr. and Mrs. J. E. Paul, Mr. and Mrs. A. J. Crookshank.

Covers at the dinner table were laid for twelve, the hospitable board being centered with a huge cake bordered with the required number of pink tapers. Each guest found a carnation at his or her plate and the place cards bore birthday greetings to the host.

The charming ceremony of lighting the first fire on the hearth in the new home, Mrs. J. E. Paul touching the match to the paper, was observed.

The Rev. P. F. Schrock made a delightful talk, wishing Dr. and Mrs. Slabaugh the best of luck and saying that this home would always be kept warm through the spirit manifested in it.

Mrs. Slabaugh sang the song she sang on the first birthday of Dr. Slabaugh after she became acquainted with him, "O, Promise Me," and she and the doctor played and sang "O, That We Two Were Maying," the doctor playing a violin obligato.

Missionary Meeting
The Woman's Missionary Society of the Methodist Church South will hold its regular monthly business meeting on Wednesday, February 7, at 2:30 p. m.

EASTERN STAR MEETING

District Deputy Miss Bessie
Pendleton Pays Visit to
Hermosa Chapter

A company of about 200 members and visiting members of the Eastern Star gathered at Masonic Temple yesterday evening, the occasion being the official visit of Miss Bessie Pendleton of Fullerton, the popular district deputy Grand Matron.

An elaborate banquet preceded the meeting, the banquet hall being gay with valentine decorations most artistically arranged and carried out by the Matron of the chapter, Mrs. H. Clay Kellogg, and her corps of able assistants. Wreaths of red roses and fresh-leaved smilax were suspended from the center of the room, the festoons extending to the corners, where they were held in place with life-sized cupid. The same decorative scheme prevailed in the lodge room.

Streams of smilax extended through the centers of the long tables, the greenery being studded with tiny red hearts. The red-shaded candelabra shed a soft glow over the pretty scene and the place cards were hearts pierced with daggers.

Mrs. Mark B. Lacy was the chairman, assisted by Mrs. Asa Vandermast and Dr. L. L. Whitson was the head waiter, assisted by a corps of men, who saw to it that no one was neglected.

All of the work of the Chapter was splendidly exemplified for Miss Pendleton and was highly complimented by that official, who made a very encouraging address to the members. She was presented with a handsome brass book rack by W. W. Cleverly, the Worthy Patron. Brief remarks were made by others present.

Mrs. Flossie Zerman sweetly sang "Sweethearts," Mrs. Wait accompanying.

A touch of sadness was given the assembly when the altar was draped for another beloved member, Charles E. Rudock, who has passed to the Great Beyond.

Among those present were many patrons and matrons of other chapters and a large number of visitors. One of the most prominent being Mrs. Riddle, a Past Grand Matron of South Dakota.

Next Thursday night, Hermosa Chapter members will go to Orange to assist in welcoming the Grand Matron, Mrs. Maude Noble Haven of San Francisco, who with many other grand officers, will be present at the meeting of Scepter Chapter. All members wishing to go will gather at Masonic Temple at 7 p. m.

TRAVELERS MEET

Early Inhabitants of Mexico
Interesting Subject At
Meeting Yesterday

Travel Section No. 2 met Monday afternoon at the home of Mrs. C. E. French on East Ninth street. After the roll call, "Current Events," came the program for the afternoon. A paper describing the early inhabitants of Mexico, their supposed origin, their customs and development, completed with a general description of Mexico, was read by Mrs. J. N. Bartholomew.

The second paper, by Miss Mary Talbot, described the art and music and disclosed the fact that a high development of each must be admitted. At the close of the program, Mrs. French, assisted by her daughter, Miss Ethel Friend, served delicious refreshments.

Visitors present were Mrs. Waugh and Mrs. Evans, and members present were Misses Balderston, Anderson, Bled, Baker, Bartholomew, Dearing, Emerson, French, Gowen, Lamme, Lieby, Moulton, Thompson, Lawton; Misses Taylor and Talbot.

BRACE-WATRY

Father Officiates at Marriage
Of His Son to Popular
Young Musician

Rev. Francis Watry, former pastor of the Unitarian church here, and now at Long Beach, officiated last evening at the marriage of his son, Theodore Watry, to Miss Florence Brace, daughter of Mr. and Mrs. George B. Brace, at their home, 1412 West Second street.

The wedding was a quiet family one, the home being beautifully decorated with real Japanese peach blossoms, waxen Chinese lilies and plumorous ferns.

The bride and groom were unattended, the former making a winsome picture in her lovely gown of white lace. She carried an autumn basket filled with double marguerites and ferns, the gift of a friend at a Saturday afternoon function in her honor.

After congratulations and viewing of the many handsome gifts, a sumptuous wedding dinner was served the company, the table's center being occupied by a graceful basket of peach blossoms and ferns.

Later the bride and groom went to their own home, which was ready for them at 1236 West Third street and today departed for an automobile trip to Pasadena. The bride wore a charming suit of grey with plum-colored coat and spring hat. She has been the pianist at the West End Theater for the past two years and the organist for the Unitarian church and is an accomplished musician and most popular young woman.

The young groom is the foreman in the pulp drying department of the Holly Sugar Company, where he has been for the past six years and both Mr. and Mrs. Watry have hosts of friends who will wish them health and happiness on their road through life.

Mrs. Watry has been the honoree at a number of delightful pre-nuptial social affairs, one of the most pleasant being an afternoon given by her sister, Mrs. G. H. Eberlein on Saturday. Twenty-five were invited for the occasion.

Real Japanese peach blossoms, in combination with Chinese lilies and ferns made much most enjoyably passed with violin and piano music and vocal numbers, those participating being Mrs. A. J. McCuiston, Mrs. Nellie Calendar Mills, Mrs. Charles Johnson, Mrs. Eugene Reif and Mrs. Anton Koch.

Several amusing guessing contests were planned, for the first one of which Mrs. Charles Johnson was presented with a live rabbit, which caused great hilarity. The consolation went to Mrs. Reif and in the second game Miss Rosaline Dawes and Mrs. Johnson were the trophy winners. Following the delightful program, a sign was put up, pointing the way to the cafeteria, where a two-course collation was served. Mrs. McCuiston and Miss Brace played lively piano and violin music during the enjoyment of the delicious viands.

Mrs. Eberlein was assisted by Mrs. C. E. Price and Miss Irene Watry.

All-Day Meeting
The Congregational Ladies' Aid Society will hold its all-day meeting tomorrow. A dinner will be served at noon and all members are urged to be present.

Pleasant Evening Party
A jolly crowd of young people, who gather once a month, were entertained on Saturday evening by Mrs. Kate Hendrickson, at her home on North Broadway. A Valentine motif was employed to make the spacious rooms attractive and an enjoyable evening was passed with various kinds of guessing contests.

The table was prettily set for the refreshments of sandwiches, salad, cake and fruitade, the red tint prevailing.

Those who enjoyed Mrs. Hendrickson's hospitality were Misses Myrtle Caruthers and Mirle Brown; Messrs. Jay Brooks, Lloyd Brooks, Sid Allen, Arthur McConnell and Walter Raymond.

First Travellers
Mrs. M. F. Heathman entertained the First Ebbell Travellers yesterday afternoon at the home of her sister, Mrs. J. R. Medlock. The reading of a very interesting article on Australia, Magazine, was enjoyed during the study hour. Assisted by Mrs. Medlock, Mrs. Heathman served tempting

refreshments, and some beautiful gramophone music added to the pleasure of the social hour.

Those present beside Mrs. Medlock and Mrs. Heathman were Mrs. H. R. Bristol, L. J. Carden, J. P. Baumgartner, H. C. Dawes, A. W. Ames, J. J. Poper, Stephen Ross, I. W. Van Cleave, T. E. Stephenson, Ira Sproull, L. L. Shaw, E. B. Smith, W. M. Smart.

Social Meeting
The Woman's Alliance of the Unitarian Church will hold the monthly social meeting tomorrow afternoon. A good attendance is requested, as the social hour will be in nature of a surprise.

Four Cantons Install
Yesterday was a red letter day for Santa Ana Canton, as the local members entertained delegations from four other cantons, including Los Angeles, Pasadena, Covina and Pomona.

The occasion was the public installation of the officers of the five cantons, and about 175 witnessed the impressive ceremonies. Brigadier B. Utley was the installing officer, assisted by Majors A. E. Bird and R. T. Labadie.

A sumptuous banquet was served in the banquet room, the tables being prettily decorated for the occasion.

Rev. Benton to Lecture
Rev. R. L. H. Benton of the Church of the Messiah will give a lecture Friday, February 16, in the Parish hall, the subject being "Five Weeks in the Blue Ridge Mountains of North Carolina," with stereoscopic views.

P. E. O. Luncheon
Twenty members of the P. E. O. Society were very delightfully entertained on Saturday afternoon, when they held their regular meeting with Mrs. Bruns at her ranch home near Anaheim.

Upon the arrival of the guests, Mrs. Bruns served a dainty luncheon, after which the business of the afternoon was transacted and Mrs. Raymond Mies was admitted into membership in the chapter.

Mrs. Harl S. Kittle gave a very excellent and interesting paper on Nome, Alaska, tracing its history from its foundation to its present condition.

All-Day Meeting
The ladies of the First M. E. Church will hold their all-day meeting tomorrow at the church. The Aid Society will meet at 10 a. m. and lunch at noon. Missionary meeting in the afternoon. All ladies of the church and congregation are requested to be present.

Delta Alphas Meet
The Delta Alpha Class of the First M. E. Church was entertained last evening at the home of Mrs. Willis Faust at 903 Garfield street. The decorations were pink and white carnations and ferns, which made a very pretty effect.

After the business meeting, readings were given by Misses Etta Hale and Cora Craig, which were followed by refreshments in the form of brick ice cream and cake, the floral color scheme being carried out in the refreshments and all enjoyed a pleasant evening.

The class had as guests Misses McAferty, Morris and Green. Those of the class present were Misses Mamie Lamb, Cora Winter, Myrtle Nelson, Cora Craig, Etta Hale, Rosa Prestidge, Esther Hendrickson, Edna Knoll, King, Minnie Wild, Bertha and Olive Briney, Lillie and Lena Confer; Mrs. Faust, Mrs. Bertha Murphy, Mrs. Zoe Williams and Mrs. Jessie Craig.

Altar Society Tomorrow
The Altar Society of the Catholic church will meet tomorrow afternoon at 2:30 o'clock with Mrs. R. G. Tuthill, 1702 North Broadway. All the ladies of the congregation are cordially invited.

Meeting of Ladies' Guild
The Ladies' Guild of the Church of the Messiah will hold a regular meeting Wednesday at 2 p. m. in the parish hall.

DANCING CLASSES
Miss Helena F. Browning is forming adult beginners' class at Elks' Club, Friday at 7:00 p. m.; advanced, 8:30 p. m.; juvenile class in physical culture, classical and national interpretives, and deportment at 4 p. m.

MINNESOTA PICNIC
The regular spring picnic of the Minnesota State Society will be held at East Lake Park, Los Angeles, on February 12, Lincoln's birthday, all day. All Minnesota residents and former Minnesotans and their friends are cordially invited. A program is being arranged. Free coffee will be served between the hours of 12 o'clock and 1:30. Last year at East Lake Park on Lincoln's birthday as many as 4000 former Minnesota people gathered.

Orange County Business College and Conservatory of Music, Art and Drama

Personals

Charles Wheatley, who left here a week ago to take a position on the Arizona Republican at Phoenix, has returned. He didn't like the assignment given him by the city editor and jumped his job. Wheatley says he is not yet ready to be "planted" and this probably would have been the result of the line of work assigned him.

Stanley Camfield has gone to Los Angeles, where he has accepted a position in the Wells Fargo warehouse. His wife will join him later.

Mr. and Mrs. George Day left by automobile today for Calexico. From there they will visit points in Arizona.

Mr. and Mrs. F. W. Edik and family, who have been receiving the Register at Buffalo, N. Y., are now in Santa Ana and have ordered their paper sent to 410 South Birch street.

Mrs. H. R. Bristol was a guest yesterday at the home of her sister, Mrs. Linn L. Shaw. Her son, Lawrence Bristol, who recently underwent a serious operation is very much improved and is expected soon to be in excellent health.

Miss Bessie Pendleton of Fullerton, district deputy grand matron, O. S., was a guest over night of Mr. and Mrs. P. L. Tople, on South Main street.

Herman Cordes of Upland, left today for his home after a brief visit here at the McClair home. Herman was around shaking hands with some of his old friends today and paid a visit to the Register office.

Miss Hilda McArthur returned from Los Angeles last evening,

GARDEN GROVE

FIRST CARLOAD OF
CABBAGE IS
SHIPPEDProduct Leaves Garden Grove
Section For Market
In the East

GARDEN GROVE, Feb. 6.—The California Vegetable Union shipped its first car of cabbages last week to eastern markets.

George Oertly of U. S. C. spent Wednesday and Thursday with his parents.

Mr. and Mrs. Arthur F. Carter and Miss Edna B. Riggins of Los Angeles were week end guests of Mr. and Mrs. George Reyburn.

Mrs. George Reyburn and her guests, Mrs. F. Carter and Miss Edna B. Riggins of Los Angeles, attended the regular meeting of the Ebell Club of Santa Ana.

Dinner guests at the home of Mr. and Mrs. F. M. Reafsnider recently were Mr. and Mrs. S. E. Geren, Mr. and Mrs. E. E. Geren and son Wallace and Mr. and Mrs. J. E. Catlin.

Mr. and Mrs. S. E. Geren, Mr. and Mrs. J. E. Catlin and Mrs. R. E. Geren attended the Kansas picnic at Long Beach last week.

Mr. and Mrs. Sandman and daughter

WHEN YOU WAKE
UP DRINK GLASS
OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

RUB
YOUR
EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ½ mile from high school.

30 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property there.

J. A. Timmons

WINTERSBURG

ORGANIZE UNDER
PLAN OF FARM
LOAN LAWSMan Working Feed Grinder
Has End of Finger
Taken Off

WINTERSBURG, Feb. 3.—The meeting of the Farm Loan Association Wednesday was well attended. H. O. Gardner of Santa Ana was present and addressed the body, explaining in detail the benefits to be derived by the farmers from such an organization and stating the qualifications for membership. Earl Farrar was made temporary chairman, and formal organization perfected with the following officers: President, Earl Farrar; vice president, W. T. Vanduff; secretary, S. W. Price of Bolsa; directors, W. T. Vanduff, Earl Farrar, S. W. Price, Mr. Cameron of Talbert, and W. B. McCoy of Westminster. H. O. Gardner, secretary-treasurer. The three appraisers, to be elected by the directors, have not been named as yet. The association here now has about twenty or twenty-five members, and others have signified their intention of joining, so the application for a charter is withheld a short time until these names can be secured.

Professor and Mrs. H. O. Ensign entertained the Junior Y. M. C. A. boys and their friends Wednesday evening. Playing games was the chief pastime and the serving of refreshments followed. Those present were: Misses Corn Bradbury, Vira Worth, Marie Vanduff, Minnie Grama, Juanita Isenor, Frances Blaylock, Messrs. Leon Moore, Russell Alford, Carmel Grama, George Stanley, Nal Bradbury, Leta Cady and Paul Vanduff.

Norman Clemens is taking an enforced vacation from his duties at the Reuther Feed Mill. Wednesday, while cleaning out some refuse that was clogging up the grinder, the first finger of his right hand was painfully mangled, the end being taken off.

B. A. Farrar and Mr. and Mrs. Earl Farrar attended the funeral of Mrs. Irwin Farrar, at Corona, Thursday. Mrs. B. A. Farrar was indisposed and not able to make the trip. The service was held in the First Methodist church, conducted by the pastor, Rev. S. S. Samson, assisted by Rev. Clyde M. Crist, of Lincoln Avenue M. E. church, Pasadena, a former pastor and friend of the family. Practically all the relatives were present, and a large number of friends and acquaintances, to pay a last tribute of love and respect to this Christian young woman.

The teachers and pupils of the Ocean View school are to edit a school paper, called "The Ocean View News," the first number to be out February 9. With the aid of the new typewriter, Professor Ensign expects to have a copy for each child to take home, thus adding another link to the chain that binds the school and the home.

The grounds at the school are being beautified, the board ordering rose bushes to set out, and the boys doing the work. The school and its surroundings cannot be made too beautiful for the boys and girls. Youth is the time when impressions are made, and the mental pictures of home and school that are to be kept throughout life, should be those which beauty and orderly arrangement predominate.

The Epworth League held a business meeting and social hour at the church on Thursday evening, that was both profitable and enjoyable. Several matters of importance came before the society, and after these were disposed of and the reports of the cabinet officers given, an old-fashioned spelling match was enjoyed; Miss Ruth Jordan carrying off the honors. The next meeting will be in March.

A double birthday dinner party was given on Sunday, January 28, by Mrs. Norman Clement, for her little daughter Pearl, who reached the age of six, and Gerald McMillan, a nephew, who was four years old on the same day. Each had a beautiful birthday cake, an important item in their enjoyment of the dinner. Those present were: Mr. and Mrs. Don McMillan and their children, Geneva, Gerald and Kenneth and Mr. and Mrs. Norman Clement and family.

Pedestrians, as well as automobile drivers, are pleased to see the road work being done on Palm avenue. Low places are being filled in, and drainage ditches made. Let the good work continue.

Mr. and Mrs. J. R. Graham, who

have been guests of Mr. and Mrs. J. J. Graham and of Judge and Mrs. W. D. Seeley of Huntington Beach, returned to their home in the Palo Verde valley, Tuesday morning.

George Taylor has given up his lease of the house on Palm and moved his family Friday to the property recently vacated by L. E. Rush.

The united meeting of a class for the study of the Spanish language will be held at the M. E. parsonage Tuesday afternoon, February 6.

Mrs. George Gerhart returned Thursday from a visit of several days in Los Angeles with her cousin, Mrs. Will Lerg, and family.

The Y. M. C. A. "Rustlers" are to play basketball with a team at Anaheim on Saturday night.

Mrs. W. H. Mattoon of Correctionville, Iowa, is a guest of Mrs. J. A. Murdy. The two women were old friends in South Dakota years ago, and are having a joyful time recalling past pleasures. Mrs. Mattoon is wise, like a few more Iowans, and is spending the winter here in California, having a temporary residence in Long Beach.

Mrs. S. G. Huff is not improving as fast as her many friends wish she might, and it is not thought best for her to have much company for a while. Mrs. Huff was taken ill in Los Angeles over a week ago.

W. F. Slater and family shopped in Santa Ana Thursday morning.

WINTERSBURG

OCEAN VIEW'S
TEAM WINNIRBy a Score of 29 to 15, It
Defeated Huntington
Beach Players

WINTERSBURG, Feb. 5.—The interest in basketball is placing all other outdoor sports in the background. The local boys are developing into fine players. On Friday afternoon the Grammar school teams of Huntington Beach and Ocean View played a great game on the Ocean View court. The score stood 15 to 29 in favor of Ocean View. The lineup was as follows:

| | |
|------------|------------------|
| Ocean View | Huntington Beach |
| Bradbury | forward |
| Hardwick | forward |
| Moore | center |
| Vanduff | guard |
| L. Maddux | guard |
| | Branton |

Professor Ensign was the referee during the first half, Professor Skinner the second half.

Saturday night, the Y. M. C. A. Rustlers had a game scheduled with Anaheim, but for some reason the latter boys could not play, so the Rustlers went to Orange for a game with the P. A. L. S. The playing was excellent and although Wintersburg boys lost, it was a great game. The score was 29 to 18 in favor of the P. A. L. S. The postponed game with Anaheim will not be next Saturday, but at a date not far distant.

Mrs. J. D. Shutt entertained guests on Wednesday, Mrs. Gillison of Delhi, and her daughter, Mrs. Fred Webber of Los Olivos, with her two children. Mrs. Webber and children spent the remainder of the week with Mrs. Earl Gardner, returning to her father's home at Delhi on Sunday evening.

W. F. Slater and family motored to Los Angeles Sunday afternoon to visit Mrs. Slater's mother, Mrs. Etta Clay, who is quite ill.

Mr. and Mrs. B. A. Farrar were in the city Monday, on a shopping expedition.

Miss Ruth Jordan spent the week end with her parents at Redlands, returning on Monday in time for her school duties.

Mrs. E. Ray Moore is ill, and under the care of Dr. G. A. Shank of Huntington Beach. Little Doris Virginia Moore is being cared for by her grandmother, Mrs. Barton, during the mother's sickness.

John Shutt is now counted among the automobile owners, his car being a Michigan.

Miss Eunice Stockton, who completed a year's work in the Santa Ana High school last Thursday, entered the Huntington Beach High school Monday.

C. H. Maddux has installed gas in his fine residence on the boulevard, both for cooking and lighting.

Garden Grove, and their children, Lorene, Ralston and Barbara, visited at the parsonage Sunday afternoon.

G. M. Roberson and James Morgan went to Huntington Beach Monday on business.

Mrs. S. A. Gardner is convalescing after a long siege of the grip.

E. G. Radford of Los Alamitos, spent Sunday with his children at the J. D. Shutt home. Other guests of Mr. and Mrs. Shutt were Earl Gardner and family and Mrs. Fred Webber and family.

Mrs. H. O. Ensign was a visitor in Santa Ana Monday.

**POMONA MEN SEEK
NEW ORCHARD HEATER**

POMONA, Feb. 5.—Eighty-five citrus growers and business men at a luncheon in this city appointed a committee consisting of D. C. Crookshank, W. D. Burditt and W. J. Wilton with instructions to secure necessary funds and conduct investigations which will result in the development of a more satisfactory orchard heater. An advisory committee consisting of C. N. Burton, Fred J. Smith, W. L. Wright, Willis S. Jones and H. J. Nichols will assist in the work.

**SCARLET FEVER GRIPS
4 CALIFORNIA CITIES**

SACRAMENTO, Feb. 6.—Four cities of California are in the grip of scarlet fever epidemics that are not being checked, the State Board of Health has announced. The cities are Eureka, Alameda, Sebastopol and San Luis Obispo. In the first three the schools have been closed.

Dr. Ada B. Keller, Osteopath, graduate of Kirksville, Mo. Office, 804 West Fourth Street, Phone, Pacific 238.

REV. CHAS. AKED
IS INVITED TO
RIVERSIDENoted Divine Has Practically
Accepted Congregational
Pastorate

RIVERSIDE, Feb. 6.—Dr. Charles F. Aked, the noted English clergyman who came to America several years ago, taking the pastorate of the Fifth Avenue Baptist Church of New York city, and who was more recently pastor of the First Congregational Church of San Francisco, has been invited to become pastor of the First Congregational Church of Riverside.

Although the invitation, as extended, mentions only the summer months, it is hoped that Dr. Aked's pastorate here will become permanent. It is understood the call has practically been accepted.

Dr. Aked is expected to take up his work here Easter Sunday. He will undoubtedly be the speaker at the Easter services on Mt. Rubidoux, and will thus have opportunity of addressing thousands in his inaugural sermon in Riverside.

The committee in charge of securing a pastor for the Congregational Church has been in communication with Dr. Aked for several weeks. The members of the local Congregational Church are rejoicing over the fact that he practically consented to come here.

Dr. Aked deflected the local church, and at that time declared he hoped the day might come when he could live in Riverside. It is believed that his visit in Riverside then has had much to do with his decision to accept the call.

It was under Dr. Aked's pastorate that the handsome new First Congregational Church of San Francisco was constructed. This, the largest and costliest church edifice on the Pacific Coast, has been crowded each Sunday to hear Dr. Aked speak.

His pastorate in San Francisco was resigned when he was called to become a member of the famous Ford peace expedition. Dr. Aked took a prominent part in the deliberations of the peace conference, acting as chairman of the meeting. Since returning to San Francisco he has been heard on the lecture platform.

Dr. Horace Porter's pastorate closes Easter Sunday, and it is hoped that Dr. Aked will begin his work immediately thereafter.

BAR COTTON LOANS

CALEXICO, Feb. 6.—Three National banks here have decided not to issue more loans to Americans growing cotton in Lower California pending the settlement of the fight by the State Department to secure a reduction from Governor Cantu of Lower California.

MOTHER! YOUR CHILD
IS CROSS, FEVERISH,
FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels

—Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

QUICK—HANDY—LASTING

The Acid Test

There are inexperienced people who must know something of a thing before they will invest in it. There are cautious people who will not commit themselves to a thing until they have tried it out. These people are apprehensive about the handling of their estates after their deaths. Modern finance has devised a way through which a man can, if he is willing, observe the effects of his gift and still be able to withdraw it if experience shows that a mistake has been made. Let him place that portion of his estate which is to go to persons whose judgment he questions, in a trust fund. Let this trust fund be placed in the hands of a capable and efficient trustee with instructions to invest and re-invest for the beneficiaries, and in a manner pleasing to the creator of the trust. Let him require that periodical statements of the management of the trust fund be made to him. Let him reserve the right to change the terms of the trust at any time, or to terminate it and take back the fund whenever he sees fit. These things done, he may observe the workings of the trust he has created. He will note the class of securities in which the trust is invested, and the care shown by the trustee in handling the same. He will note the effect of the newly acquired income on the man or woman who enjoys it. If he finds he has made a mistake, he will withdraw or modify the income. If he finds that it works well, he will reap the reward of his beneficence while he lives and be assured of its continuance when he dies. If you find this plan attractive, the Orange County Trust and Savings Bank will be glad to talk to you and have a confidential conference with you.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.

OUCH! LAME BACK.
RUB LUMBAGO OR
BACKACHE AWAY

Rub Pain Right Out With Small Trial Bottle of Old, Penetrating "St. Jacob's Oil"

—Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on your painful back and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacob's Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Advertisement.

Ride on the Prosperity Wave to the Bank

ARE you getting your share of the prosperity? If you are, conserve a part of your wealth. Deposit your surplus cash in the bank. Willful waste means woeful want. Be prepared for a possible change in conditions. Keep enough balance in the bank to provide for a stagnation. There's no telling when ready cash will be at a premium. It is the man with the ready cash who is unafraid. See us today about that bank account of yours.

FOR ACCIDENT JORN IS SUED SEEKS \$15,000

State Compensation Fund
Asks Damages From Or-
ange Insurance Agent

Today the State Compensation Insurance Fund brought suit against Carl Jorn, insurance agent of Orange, for \$15,951.80. The complaint asserts that Jorn was responsible for an accident that occurred a mile and a quarter north of Orange on February 8, 1916, in which a man insured by the state was injured.

E. G. Holmes of Santa Ana, had a policy from the state fund covering accidents to his employees, among whom was Earl Summers, employed on Holmes' ranch north of Orange. The complaint alleges that Summers in the course of his employment was riding a motorcycle when Jorn's automobile struck him and broke a leg in two places, broke his collar bone and three ribs, bruised and cut him, and left him in the end in a nervous condition.

IRATE JITNEUR DRAWS PISTOL ON WOMAN IN AUTO

New York Resident Has Ex-
citing Experience on High-
way Near Capistrano

"This is California Law."
This was the comforting information Mrs. F. F. Wilkes, winter resident of Hollywood and a New Yorker in the summer time, received this afternoon as cold shivers ran down her spine as the result of the thrusting of a pistol into her face by an enraged jitney driver.

With her husband the Hollywood woman appeared at the office of District Attorney West this afternoon and demanded to know if it was California law that a man could threaten a woman with a pistol and insult her without recourse.

She was advised that such a law might have existed in the fifties and sixties, but that it was nil in this day and age. Motorcycle Officers Davenport and Ballard brought the couple to the court house.

Responding to a call from Capistrano to arrest them, the two officers jumped on their machine and hit the highway, going as far as Tustin, when they met Mr. and Mrs. Wilkes and two friends traveling in a four-passenger roadster. The officers were advised that a complaint charging them with reckless driving would be sworn to as soon as E. D. Dyer could come up from the mission town by jitney.

Mrs. Wilkes did the talking in rejecting her experiences with Dyer, a jitney driver.

According to her story, her party was motoring from San Diego to Hollywood. A few miles the other side of Capistrano, the jitney passed their machine, slowing down after getting by. The Wilkes then attempted to pass the public conveyance. Wilkes, who was driving, sounded his horn repeatedly, but the jitney driver, the driver turned to the middle of the road, and made no attempt to veer to the right until the Wilkes machine was opposite his car. Then the jitney turned to the right, the movement throwing the rear of the car toward the Wilkes machine. Suitcases on the running board of the public machine scraped the car of the Hollywooders.

After passing, the latter then proceeded on their way, and were surprised a little later when Dyer passed them riding in another car. Getting a short distance ahead, the machine was turned across the road in order to force Wilkes to stop.

When the car was stopped Dyer jumped on the running board and pointing a revolver at Mrs. Wilkes commanded her husband to drive to Capistrano. According to the women, Dyer used the vilest of language on the trip to Capistrano.

Effort was made to find an officer at Capistrano. The Wilkes were taken to a Frenchman who seemed to have charge of the stage line owning the jitney, and a demand for damages made.

The Wilkes had no knowledge of being responsible for any kind of an accident to the jitney and refused to settle. Officers Ballard and Davenport were informed by telephone that the jitney had a wheel wrecked.

A warrant was issued for Dyer's arrest on a complaint charging him with disturbing the peace.

PRESIDENT OF M. & M. TENDERS RESIGNATION LAST NIGHT

E. L. Roberts, Jr., Severs Con-
nection With Organization,
Following Disposal of
Business Interests

E. L. Roberts, Jr., recently elected president of the Merchants and Manufacturers' Association, tendered his resignation last night at the regular meeting of the directors, and it was accepted with regrets.

Roberts was a member of the Roberts-Oliver Lumber Company. The firm has recently sold its business to the E. K. Wood Lumber Company, and Roberts expects to leave the city soon, and it was because of this condition that his resignation was tendered and accepted.

A. G. Flagg, of the job printing firm of Flagg & Campbell, was elected president. W. H. Spurgeon was elected a director to fill the vacancy created by the withdrawal of Roberts.

WOMEN TOO AMBITIOUS

Excessive ambition leads all sorts of women to exert themselves beyond their strength. The girl striving for honors in school, the busy housewife, the shopgirl, the society climber or leader, all overtax their natural powers of endurance. Then come nervous troubles, backaches, headaches, frequently organic troubles, which reduce them almost to despair.

Women suffering thus should first recognize the necessity of putting on the brakes and slowing down. Besides this, to remedy the mischief already done to their health, the best reliance is upon that famous and standard medicine for women's ailments, Lydia E. Pinkham's Vegetable Compound.—Advertisement.

PROLIFIC GROANS FAIL TO CONVINCE DOCTOR

Pedro Garcia, sentenced to five years in Folsom for attempting to kill a Mexican boy at Anaheim with an ax, is terribly sick. That is, he says he is sick. His head is very mala, his back hurts him frightfully, his stomach aches, his heart is full of sharp pains, his legs are sure no bueno.

He got sick right after he was sentenced. He was taken to the County Hospital, where he groaned more than all the rest of the patients put together. Dr. Zaiser found the man's pulse and temperature normal, his lungs sound and his moans unusual.

One thing about the groans was that they came loudest when anyone was around. When Garcia thought no one was within hearing distance he was quiet.

Garcia was sent back to jail this morning, declared by the doctor to be faking illness, and in spite of Garcia's groans Deputy Sheriff Maxwell started for Folsom with Garcia this afternoon.

FORMER SHERIFF'S FUNERAL IS HELD

Yesterday afternoon at the Presbyterian church of Fullerton the funeral of Charles E. Ruddock, former sheriff of Orange County was held.

Probably no funeral ever held in Fullerton had a larger attendance. Scores from all over the county gathered to join in the services for a man who was well known and highly respected.

Eulogies of the departed were pronounced by C. C. Chapman and Rev. E. J. Statom, both of whom touched upon the splendid personality and sterling qualities of Mr. Ruddock. Two duets were sung by Fred Hez nathalsh and Mrs. George Lilly. A number of fraternal organizations, including the Knights Templar of Santa Ana, were represented.

The services at the grave were in charge of the Fullerton Masons. The pallbearers were E. W. Boynton of Santa Ana, John Fridt, Dr. Jesse Chilton, J. R. Gardiner, John Griffin and George Porter.

NEGLECTED COLDS GROW WORSE
A rough, cold, cackles and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsams in Dr. Heli's Pine Tar Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all Drugists', 25c.

GERMANY MAY DECLARE WAR

(CONTINUED FROM PAGE 1)

The upper body would have done it yesterday except for a parliamentary technicality. Under the rigid Senate rules the Stone endorsement resolution is up today.

With machine-like precision, advisory committees in all branches of the national defense work are submitting reports to President Wilson, Secretaries Baker and Daniels.

The greatest effort is now being centered upon the navy.

It is probable that work on some of the giant vessels will be stopped in order to hasten completion of submarines and vessels for opposing submarine attack.

So completely and quickly is the work proceeding that if the United States is called to strike it can do so immediately and forcefully.

A policy of almost complete secrecy has been adopted in all departments, and, for the second time in two years, the President today discontinued conferences with newspapermen, owing to a delicate situation.

Neutral action in response to President Wilson was expected today in some countries. Should it develop that neutral's are to follow the lead of the United States it is probable a conference of all of them will be called to discuss the part each is to bear in bringing pressure on Germany to relax its sea warfare.

WHOLE OF GERMANY IN GRIP OF COLD WAVE
BERLIN, Feb. 6.—The official press bureau today reports that Germany is in the grip of a cold wave. The Vistula is frozen and the Rhine is carrying ice. The temperature is 25 below zero at Insterburg.

STOP THAT COUGH
A hacking cough weakens the whole system, drains your energy and gets worse if neglected; your throat is raw, your chest aches and you feel sore all over. Believe that cold at once with Dr. King's New Discovery. The soothing pine balsams heal the irritated membranes, and the antiseptic and laxative qualities kill the germs and break up your cold. Don't let a cold linger. Get Dr. King's New Discovery today at your Druggists', 50c.

MRS. SANGER GIVEN 30 DAYS IN WORKHOUSE

NEW YORK, Feb. 6.—Thirty days in the workhouse was the sentence imposed upon Mrs. Margaret Sanger, birth control advocate. She was convicted of disseminating unlawful information. Her assistant in spreading the propaganda, Fannie Mindell, was fined \$10, which was paid by the birth control association.

NEW YORK FILMS CONTINUE TO ATTRACT CROWDS

Holmes Travelogues Showing
Trips to Ottawa, Toronto,
Niagara Falls Tonight

Seeing New York in one hour under the auspices of the Register is the big event at the West End, and is attracting large crowds. The film was presented last night for the second time and the theater was well packed. It will be on again tonight and tomorrow night, in addition to the regular high-class program carried by this house. Burton Holmes' Travelogues will be one of the films tonight, and this and the New York picture will present an especially fine opportunity for seeing prominent points in the United States and Canada. The travelogues will show trips to Ottawa, Toronto and Niagara Falls. The third picture will be Vivian Martin in "In the Right Direction."

The scenes of New York are fine specimens of photography and present views that one could not see in a month on a visit to the big city. Many of the most important points of interest and sky scrapers in New York are thrown on the screen in different positions, giving a chance for full observation.

The tenement districts, views of the palatial homes of the millionaires, the Brooklyn bridge, the Woolworth building of fifty-five stories, the Great white Way are some of the scenes presented.

Every one who has seen the film pronounces it a marvel and consider it one of the best educational features ever seen in a local playhouse.

ARE PREPARING STORM WATER DISTRICT AT THE GROVE

New Plan Is to Include Terri-
tory Touched By the
Overflow of 1916

Garden Grove people are going before the Board of Supervisors with a new storm water district plan. It is proposed to organize a district out of territory that was touched or menaced by flood in 1915 as a result of overflow from the Santa Ana river from the Anaheim-Olive bridge southward about a mile and a quarter.

Last year when the question of protection along the west side of the river was uppermost in the minds of a good many people, many of the Garden Grove people favored the formation of a district that would give the Garden Grove section the protection it needed. After many conferences, however, it was decided to join with Anaheim in the formation of the United Storm Water District. That district was defeated in the courts.

The advisability of returning to the original plan of a Garden Grove district has been discussed, and is now being acted upon. A petition to the Board of Supervisors has been prepared.

In the last few months the Garden Grove people with ranchers to the northeast of Garden Grove have done a good deal of work along the river bank. Piles have been driven, wire stretched and scores of cypress trees have been placed in position to prevent the water from leaving the channel.
